- and more to explore!

If you are a coach or leader on your campus, you will also have access to the PD Packages tab where you will find downloadable zip files of more than 60 ready-to-go, in-person professional developments. Each zip file includes a framework, a presenter's guide, a slide deck, and any other required resources to facilitate the PD.

Things to Know**GETTING IN**

To get to the Learning Library you just need to log into your RDSS account.

Use the filters on the left to narrow your exploration. Click the button "apply filters" after making your selections.

**INFORMATION**

Hold your cursor over the information icon for more description without opening the resource.

**FIND TABS**

Use this icon to open up the tabs and explore.

CREATING PLAYLISTS

While you are exploring you can add things to your **View Later** playlist just by clicking the view later icon at the bottom right of the resource.

Using the Manage Playlists tab, you can access the items you've saved to your **View Later** playlist, reorganize the order that they are in, and see your viewing history within the Learning Library.

This will allow you to direct your own growth and learning on your own time. This is the first phase of this application, and even more and exciting tools will be added to increase user abilities within the system. Be sure to check back often!
